## tips for BACK TO SCHOOL

Here are seven tips to get back into the school mode and start this year off right!

- 1. School Supplies:** Get folders and binder with patterns and designs to make note taking more fun.
- 2. Agendas:** Manage your time and what you have to accomplish.
- 3. Procrastination:** Dedicating a little bit of time every day to the courses you take will positively impact your grades and make you a great student!
- 4. What's Expected:** Always remember communicating with your teachers is key for understanding their expectations.
- 5. School Community Involvement:** Never be afraid to pursue your interests. Getting involved with your school community is great because you can pursue your interests and meet peers who have the same and similar interests as you.
- 6. What Type of Learner Are You:** Find out if you're auditory, visual or kinesthetic. Knowing which type of learner you are will help you be a student with better studying habits.
- 7. Academic Goals List:** Write down every goal you are able to plan and realize what you need to do to prepare for them. Having this list can be a driving and motivating force!

## THIS MONTH ON MAPPING YOUR FUTURE

Choosing a school is stressful and exciting. You're ready for the next chapter or perhaps just thinking about it a little early! Maybe you're asking yourself "How will I pay for this?" College can get expensive so it's good to know your options. This month we will dive into understanding education and financial success, the basics of financial aid and finally, we'll check out the different types of financial aid available to you.

**UNDERSTANDING EDUCATION AND FINANCIAL SUCCESS -** There are more options today for repaying student loan debt than at any time in the past.

**INTRODUCTION TO FINANCIAL AID -** College may be a great investment, even though it has an increasingly high cost.

**TYPES OF FINANCIAL AID -** Learn about the main types of financial aid and how to navigate them.
